4. Access Site Review

Problem with access points -- there are stretches that don't allow access (south of Tycoon Lake). Needs to be clarified.
The Tycoon Lake area is state owned, probably a good access point there.
Points of interest (Natural, cultural and historical) need to be researched and included for the application.

5. New Business

Consider the Lake Hope ROAR in the last weekend of October for fall 2011.

Meeting was adjourned at about 8:30.

Next meeting Wednesday, Nov 10, 6:30, at the Public Library in Albany
